

Scholarship Partners

The theme of the Green California Schools Summit is “Committed to a Sustainable Future.” This theme reflects the increasing focus conserving resources, saving energy, and helping students find a place in a future where “green” concepts will play an increasingly important role at work and at home.

The Summit is a unique resource for school facilities officials, board members, administrators, educators and others involved in creating green schools. The growing interest in greening schools comes at a time when some have reduced financial resources.

To ensure that as many of these leaders can participate in the Summit as possible, Green Technology has launched a “Scholarship Partners Program.” Participants will receive scholarships in their organization’s name – to be distributed by them or by Green Technology on their behalf.

-  All Scholarship Partners will be acknowledged in a “Scholarship Partners” section on the event website and the Summit program guide.
-  Scholarship Partners will be featured on event signage.
-  “Hero”, “Benefactor” and “Champion” sponsors will also be eligible to receive a complimentary 10 x 10 foot booth, if desired.
-  “Hero” and “Benefactor” sponsors will be eligible to present an award during the Summits Leadership Awards ceremony.
