## Organizational Goals

*To build a robust ecosystem of cleantech companies, create well paying jobs, and make Los Angeles a global capital of clean technology*

### **NETWORKING**

Develop a robust, local community of cleantech professionals

### **MARKETING**

Tell Los Angeles' cleantech story: LA is a green city that is open for business

### **BUSINESS ASSISTANCE**

Support local cleantech businesses and recruit new firms to LA

### **ADVOCACY**

Pursue local, state and federal policies that foster cleantech growth

### **RESEARCH**

Leverage LA's universities to seek funding and innovative collaborations with business and government
