

MEETING THE NEEDS OF GREEN TECHNOLOGY STAKEHOLDERS

Environmental Solutions:

- Air Quality
- Antimicrobial Coatings
- Composting
- Recycling
- Storm Water Management
- Solar
- Solar Hot Water
- Permeable Paving
- Recycled Rubber Products
- Assessment
- Environmental Services
- Exterior Maintenance
- Weed Abatement
- Water Conservation

Building Infrastructure:

- Architectural Design Services
- Building Automation & Controls
- Carpet Cleaning Equipment
- Classroom Equipment
- Windows and Doors
- Roofing
- Lighting and Lighting Controls
- HVAC
- Restroom Fixtures
- Furniture
- Daylighting

Energy Efficiency:

- Electric School Buses
- Electric Vehicles
- Electric Vehicle Charging
- Engineering Services
- Energy Services
- Hydraulic Power
- Irrigation
- Microgrids
- Power over Ethernet (POE)
- Fuel Cell Products and Services

Technology and Management:

- IT Services
- Project Management
- Maintenance Planning/Software
- Document Scanning Products and Services
- Vehicle and Equipment Planning Software
- Modular Buildings / Systems
- Janitorial Supplies
- Industrial Cleaning Equipment
- Facilities Maintenance
- Software & Support
- Paint
