## **Campus Facilities Leadership Roundtable: Advancing Sustainability in Higher Ed Operations**

This exclusive, high-level discussion brings together leading facilities directors, maintenance managers, and sustainability experts from higher education to address the most pressing challenges facing campus operations today. This interactive roundtable will explore cost-effective strategies for energy efficiency, sustainable maintenance practices, and long-term infrastructure resilience. Attendees will gain practical solutions, share best practices with peers, and influence the next wave of sustainable campus operations. This is a rare opportunity to collaborate with decision-makers and leave with actionable strategies that can immediately benefit your institution.
