

## SHORT VERSION (150 words)

### FOR IMMEDIATE RELEASE

#### Sustainable Facilities Forum Returns May 15 in Sacramento

*Sacramento, CA* – Now in its 19th year, the **Sustainable Facilities Forum** (formerly the Green California Summit) returns on **May 15, 2025**, at the **Scottish Rite Masonic Center** in Sacramento. Hosted by Green Technology, this premier event brings together public sector leaders to explore sustainability strategies, technologies, and partnerships shaping California's future.

This year's theme, "**EcoSynergy: California's Collaborative Green Future**," highlights the power of collective action to meet the state's ambitious environmental goals.

The Forum features a keynote session, expert-led education programs, exhibits of green products and services, and the **Annual Leadership Awards**, honoring sustainability trailblazers in schools, colleges, and government.

## MEDIUM VERSION (300–350 words)

### FOR IMMEDIATE RELEASE

#### Sustainable Facilities Forum 2025: Showcasing EcoSynergy in California's Public Sector

*Sacramento, CA* – On **May 15, 2025**, public sector leaders from across California will gather at the **Scottish Rite Masonic Center in Sacramento** for the **Sustainable Facilities Forum**, an annual event presented by Green Technology that has become a cornerstone for innovation and collaboration in sustainable public infrastructure.

Now in its 19th year, the Forum—formerly known as the Green California Summit—returns with the theme "**EcoSynergy: California's Collaborative Green Future**." This concept embodies the belief that collective action across government, business, and education sectors can drive deeper, faster progress toward climate and sustainability goals.

The one-day event offers:

- A **keynote presentation** by leaders shaping California's environmental policy
- A **robust education program** curated by a cross-sector advisory board

- A showcase of **sustainable technologies and solutions**
- The **Annual Leadership Awards Lunch**, celebrating innovative public sector sustainability programs

Attendees will gain critical insights into real-world best practices and explore technologies that are transforming schools, colleges, cities, and state facilities into models of energy and resource efficiency.

Whether you are responsible for facilities, sustainability planning, or green procurement, the Sustainable Facilities Forum is your opportunity to connect with peers, learn from experts, and discover tools to meet today's challenges.

**LONG VERSION (500–600 words)**

**FOR IMMEDIATE RELEASE**

**Sustainable Facilities Forum 2025 to Spotlight “EcoSynergy” in Sacramento**

*Sacramento, CA* – On **May 15, 2025**, public sector leaders, sustainability advocates, and green technology providers will come together at the **Scottish Rite Masonic Center in Sacramento** for the **19th annual Sustainable Facilities Forum**, hosted by **Green Technology**. Formerly known as the Green California Summit, the Forum continues to be a trusted venue for collaboration, innovation, and leadership in sustainable facility development.

This year's theme, **“EcoSynergy: California's Collaborative Green Future,”** highlights the vital role of cooperation among stakeholders—governments, businesses, institutions, and communities—in achieving meaningful environmental progress. By uniting under a shared vision, attendees will explore the power of synergy in advancing resilient, energy-efficient, and low-carbon infrastructure across the state.

**Event Highlights Include:**

- **Keynote Presentation (8:30–9:45 a.m.)**  
Thought leaders from the public sector will open the day with insights into California's sustainability roadmap, setting the stage for a day of learning and connection.

- **Education Sessions**

Guided by a cross-sector advisory board, the Forum's concurrent sessions offer expert knowledge on topics ranging from building electrification and green schools to funding strategies, renewable energy integration, and emerging technologies.

- **Exhibitor Showcase**

Attendees will have hands-on access to a curated exhibit hall featuring leading-edge products and services for green construction, maintenance, energy, water, and waste management.

- **Leadership Awards Luncheon**

A highlight of the event, the **Annual Leadership Awards** recognize innovative projects and programs from across California's public sector—schools, colleges, agencies, and municipalities—that are setting new standards for sustainable development.

With growing urgency around climate resilience and carbon reduction, the Sustainable Facilities Forum offers a vital space to align public sector goals with practical solutions. It is a must-attend event for facility managers, architects, planners, procurement officials, and sustainability officers working to implement California's climate vision.

**Venue:** Scottish Rite Masonic Center, 6151 H Street, Sacramento, CA 95819

**Date:** Thursday, May 15, 2025
